 A scientific illustration showing the musculature of a dinosaur. It includes a side view of the head and neck, a top-down view of the head, and a side view of the body with muscles highlighted. The word "MUSCLES" is written in a black box at the top left.	MPC	Dreadnoughtus - Large Challenger MPC V3-4.jpg
 A scientific illustration of a dinosaur skeleton. It shows a side view of the head and neck, a top-down view of the head, and a side view of the body. Text next to the skeleton reads: "Dreadnoughtus schrani", "Length: 22.5 meters", "Weight: 30 tonnes".	MPC	Dreadnoughtus - Large Challenger MPC V3-4.jpg
 A scientific illustration of a dinosaur's spine, showing the vertebrae in a side view. The spine is highlighted in orange.	MPC	Dreadnoughtus - Large Challenger MPC V3-4.jpg
 A 3D model of a dinosaur skeleton, showing the skull, spine, and legs. The model is white and set against a black background.	Ewa Smyk	Sauropod_Skeleton.tif
 A 3D model of a dinosaur skeleton, showing the skull, spine, and legs. The model is purple and set against a black background.	SketchFab Astrid O'Connor, @palaeoastrid	Diamantinasaurus matildae - 'Waltzing Matilda'
